REGISTRARS FOR THE DRAFT

(Continued from first page)

that is, if you have "taken final papers." But you are not a citizen if you have only declared your intention to become a citizen (that is, if you have only "taken out first paper"); in the latter case you are only a "declarant."

You are also a naturalized citizen, if, although foreign born, your father or surviving parent became fully naturalized while you were under 21 years of age, and if you came to the United States under 21.

(3) You are a declarant if, although a citizen or subject of some foreign country, you have declared on oath before a naturalization court your intention to become a citizen of the United States. Receipt from the clerk of the court of the certified copy of such declaration is often called "taking out first papers." You are not a declarant if your first paper was taken out after September 26, 1906, and is more than seven years old.

(4) You are an alien if you do not fall within one of the three classes above mentioned.

5. Where Were You Born? First name the town, then the state, then the country, as "Columbus, Ohio"; "Vienna, Austria"; "Paris, France"; "Sofia, Bulgaria."

6. If Not a Citizen, of What Country Are You a Citizen or Subject?

This need be answered only by aliens and declarants. Remember that, state its name. If in business, trade, profession, or employment for yourself, so state. If you are an officer of the state or federal government, say whether your office is under the United States, the state, the county, or a municipality. In answer to the question as to where you are employed, give the town, county and state where you work.

9. Have You a Father, Mother, Wife, Child Under 12, or a Sister or Brother Under 21 Solely Dependent Upon You for Support (specify which)?

Consider your answer thoughtfully. If it is true that there is another mouth than your own which you alone have a duty to feed, do not let your military ardor interfere with the wish of the nation to reduce war's misery to a minimum. On the other hand, unless the person you have in mind is solely dependent on you, do not hide behind petticoats or children.

10. Married or Single (Which)? Race (Specify which)?

This does not ask whether you were once married, but whether you are married now. In answer as to your race, state briefly whether "Caucasian," "Mongolian," "Negro," "Malayan," or "Indian."

11. What Military Service Have You Had? Rank? Branch? Years? Nation or State?

No matter what country you served, you must give complete information. In answering these questions, first name your rank, using one of the following words: "Commissioned officer," "Non-commissioned officer," "Private." Next, state branch in which you served in one of the following words: "Infantry," "Cavalry," "Artillery," "Medical," "Signal," "Aviation," "Supply," "Marine," "Navy." Next, state the number of years' service.

How is Your Supply of Shirts?
